CAP HAPPENINGS

Welcome to Patton CAP! We are so excited for this new school year! Please let us know if there is any way we can help make starting the year easier for your family. This CPA year will be loaded with fun activities. We will be involved with many exciting programs by our CAP art enrichment program (CARTE) and reading with the AHML. Daily activities include crafts, gym games and playing outside! We do monthly newsletters and calendars to keep you posted on what you need to know and what will be occurring that month.

Important Information

At this time, we would like to take a moment to review some of CAP’s important rules and procedures. Please feel free to ask any of the staff any questions or concerns you have at any time.

In the event of an afternoon absence, you must notify the site director in writing. This can be done via text message or email. This can also be done by leaving a voicemail on the CAP phone. If your child was absent from school, the front office will notify CAP. If the site director does not hear from a parent of the office, emergency contacts will be called. If we are still unable to reach someone, we will be calling 911 by 4pm. Morning absences do not need to be reported. Please note that CAP has a policy of charging families of any absences that are not notified in advance. Please help use keep your child safe!

All full days for the school year are held here at Patton. Registration for a ll full days is required and can be done by logging into your park district account. Please check newsletters, calendars and the parent board for upcoming full days.

The CAP entrance door is always locked. Information about key card renewals/orders can be done through the school district 25 main admin. office. ALL FAMILIES MUST HAV A KEY CARD. Thank you for helping with this policy.
