

## Arlington Lakes Golf Club Master Plan Highlights

# We're upping our game to *improve* yours.

At the January 13, 2015 meeting, the Park Board of Commissioners voted to proceed with the first major renovation of the ALGC course since opening its doors in 1977. This renovation will benefit both players and the Park District in a variety of ways. Below are some of the key results we anticipate gaining as a result of this 1-year long renovation effort. These improvements are expected to begin construction on June 7th, 2015 with an anticipated completion date of early July 2016.

### **FEWER** *Bunkers*

Translates into an improved play of pace and a better golfing experience.

- Eliminate all unnecessary bunkers and reconstruct remaining bunkers
- Improved quality of sand and better drainage

### **EXPANDED** *Clubhouse*

- Expanded patio area to accommodate more guests
- Adding an outdoor bar and grill type atmosphere
- Relocation of golf cart staging area

### **MORE GOLF OPTIONS** *Course Routing*

- Flip nines to allow for 3 and 6-hole rounds during certain times
- Reconstruct holes #16 and #18 improving accessibility and aesthetics

### **EXPANDED** *Greens*

- Reshaping #9, #4, #6, #13, #11, #16, #17, #18 and practice green
- Expanding putting surfaces to original intended size
- All greens regressed

### **SMOOTHER** *Cart Paths*

- Add continuous cart paths throughout course
- Allows carts even after excessive rain

### *Take your* **LAST SHOT**

June 7 at XX pm

### *New* **JUNIOR TEES**

- Add new Junior family tees to promote new golfer development
- Level and rebuild all tee complexes

Details and progress reports on this project will be posted to the Capital Improvements area on the [ahpd.org](http://ahpd.org) website.
