WARNING OF RISK & IMPORTANT INFORMATION

Golfing is an activity that challenges and engages the physical, mental and emotional resources of each participant. However, despite careful and proper preparation, instruction, medical advice, conditioning and equipment, there is still a risk of serious injury. Understandably, not all hazards and dangers can be foreseen. Risks inherent to golfing include poor conditioning or technique; being struck by a golf ball or club; being struck by lightning; slipping on wet surfaces; slip and falls associated with the choice of spikes; accidents with golf cars; inconsiderate play; horseplay; defects in course design; and premises defects and hazards. In this regard, it must be recognized that it is impossible for the Arlington Heights Park District to guarantee absolute safety.

You should always stand away from and behind a player making a shot and be aware of the flight patterns of balls being hit by other players when you are around the greens and alongside the fairways. You should watch where you are walking or driving golf car (i.e., uneven terrain, sprinkler heads, surface imperfections, etc.); when playing a shot from a wrong fairway, ensure that the players playing that fairway are aware of your presence. Drive carefully and slowly in golf cars, as they are not toys. During a thunderstorm, do not ride in golf cars or stay outdoors; seek shelter in buildings, vehicles, or other locations that offer protection (avoid open fields, water areas, wire fences, overhead wires, isolated trees, and hilltops). Play should also be discontinued during a tornado warning (siren is sounded); seek shelter in the basement of the clubhouse or, if caught outside, in a ditch or low area.

I have read and understand the guidelines for purchase of a 2024 Multiple Play Pass. I understand the pass is non-refundable. The information I provided on this form is my current residence. I understand that if I submit false or misleading information above, my playing privileges will be revoked.
