

# June Gardening News

**Cicada's and earth worms are all the rage right now! But that doesn't bother us gardeners!**

The gardens have been opened for 2 weeks now and everyone is busy erecting trellises and fences alongside planting herbs and veg. Already lettuce is leafing and tomato plants have buds. **And Forest View has 4 new, shiny, red pumps!** 😊 See attached instructions.

We will be leveling dirt around the pumps when the ground settles.

## Housekeeping Reminders:

Be a good neighbor and return your hose to your plot. Do not leave it attached to the pump or in an aisle. The grounds crews will be able to mow the grass more efficiently. No garbage can be left at the gardens- take it with you.

The asphalt path between the gardens and the school building is not for cars. Do not drive your car on school property. Use a wagon or wheel barrow to get plants/supplies to your plot.

If you changed your mind and won't be gardening with us this year, please let us know as soon as possible.
